BIRDS EYE VIEW

This year's yearbook is dedicated to the Mountain Empire we all know and love. Located among the beautiful rolling hills of Campo stands our magnificent, 28 year old, temporary high school. Mountain Empire first opened its doors for classes in 1923. In the past, the school has been located in Manzanita, Tierra del Sol, Highway 80 at Kitchen Creek and presently in Campo since 1948. Originally, our school wasn't here. When it finally got here it was a calvary camp--and today the students are still horsing around. Some of the outstanding features of our school are: the asthetic braces which make climbing onto the roofs fast and simple; easy access to the outside world; and more explosions in our bathrooms than in White Sands, New Mexico. Because of this and countless other areas of amusement, this year's yearbook staff would like to award to this school and its students the "Smacky" Seal of Approval.

IN MEMORY OF BETTY JEAN OKEY

Mrs. Okey passed away on the 28th of January, 1977. She began working for Mountain Empire in September of 1964 as a cafeteria helper. Nine years later she took over as head of our food service program and did a fine job. We at Mountain Empire appreciate all her hard work and will miss her very much.
